1. Open all doors for her, including her car door, and also help her in/out of the car.
2. Carry her bag, no matter how large or small it is. (And even if it clashes with your own outfit!) 😊
3. When dining in a restaurant, seat her first by pulling out her chair and allowing her to sit down.
4. Make her a cup of coffee without her asking.
5. Buy her a flower on the way home from work, as a surprise.
6. Offer to do her laundry, but let her sort it first so you don't turn her white undies blue! (TIP: Jeans and whites don't mix.) 😊
7. Vacuum and mop the kitchen and put dishes away, without being asked.
8. Make sure her car is always clean, serviced, and full of gas.
9. When taking a walk together, hold her hand.
10. Watch a beautiful sunset together.
11. Dance in the kitchen.
12. Be on call to help her with IT troubleshooting.
13. Give her romantic cards for her birthday, anniversaries, and just because.
14. Always tell her every single day that you love her, and give her hugs. More than one "I love you" and hug is best!

HER 14 Tips for Living Romantically EVERY Day!

by Kathryn Bechen

1. Hugs, kisses, and positive words *often*.
2. Write him short love notes for his lunch box so he sees them at work on tough days.
3. Encourage him with his work and tell him you are proud of him.
4. Thank him for all he does for you, (and for your family too if you have children.)
5. Go for a walk and hold hands.
6. Set the table nicely for dinner at least once a week and sit down to eat and chat together. (Forget *elaborate*; keep it simple so you DO IT!)
7. Keep your photos organized and sit down to view the memories once in awhile together.
8. Find something that you love to do together and do it regularly. (Ours is try new bistros.)
9. Bring him soup and juice in bed when he's under the weather, and give him a hug.
10. Thank him for keeping gas in your car, so you don't get stranded on the freeway!
11. Watch a TV show together from your bed.

12. Create a serene, clean, attractive bedroom that you *both* like the style of, and know it's your "together haven." (We personally decorate our bedroom like the Bed & Breakfast inns we have stayed in as a reminder of romantic times together, but that style might not be for you as a couple so it's best to find/create your own style bedroom that you *both* like. And BAN the clutter!)
13. Don't wear your sweat suit or robe at home every single day; dress attractively and put a little makeup on.
14. Tell him you're glad he asked you to marry him, no matter how many years it's been. (Nearly 39 years of marriage in our case!)
